

Lineside Management

Course Name

Using a Powered Pole Pruner

Course Description

Powered pole pruners are powerful and dangerous tools, therefore it is essential when using them that you have the confidence and expertise in what you are doing. This course will provide you with the appropriate techniques and safety guidelines to use the powered pole pruner and to be aware of relevant health and safety guidelines to ensure you stay protected. This course covers: HSE legislation and safety guidelines, safety features of a powered pole pruner, maintaining the powered pole pruner chain, maintaining the guide bar, engine maintenance, starting the pruning saw and pre-cut checks, and clear and tidy working area and pruning saw checks.

Audience

This course is intended for individuals who are required to use the powered pole pruner.
