Signal Engineering

Course Name

ETCS System Fundamentals Overview

Course Description

The ETCS System Fundamentals Overview covers some of the content of System Fundamentals 1 and 2 but does not go into the same amount of detail. It is particularly aimed at providing sponsors and senior programme management, with information and guidance when developing requirements to ensure the benefits of deploying ETCS are realised efficiently.

Audience

Scheme Designers Project Engineers Test and Commissioning Engineers Other technical roles working on ETCS schemes

Duration: 1 Day(s) **Class Size:**
