Track Engineering

Course Name

Specification and Planning of S&C; Refurbishment

Course Description

Network Rails Track Asset Policy for CP5 and for future control periods highlights the importance of extending the lifecycle of an existing asset through refurbishment rather than costly renewal interventions. The course has been designed for participants to successfully specify and manage medium and heavy refurbishments in line with the policy.

Audience

Senior Asset Engineers (SAE), Works Delivery Managers (WDM), Scheme Project Managers, Supervisors, Team Leaders.

Duration: 2 Day(s) **Class Size:** 8
