Track Safety

Course Name

Controller of Site Safety (COSS) Recert

Course Description

This course is designed to recertify persons who have been nominated by their line manager/sponsor to enable them to attain the Controller of Site Safety (COSS) competence. The COSS competence will be held by anyone who is required to set up a safe system of work on or near the line for a group (two or more people).   The COSS Recertififcation course will recap the procedures set out in the Rule Book; Handbook 6 (General Duties of an IWA), Handbook 7 (General duties of a controller of site safety (COSS), Handbook 8 (IWA, COSS or PC blocking a line), Handbook 9 (IWA or COSS setting up safe systems of work within possessions), Handbook 10 (Duties of the COSS and person in charge of a hand trolley) and Handbook 13 (Duties of the person in charge of the siding). The delegates will set up a Safe System of Work in accordance with NR/L2/OHS/019 The course includes the importance of using the correct communication protocols and adopting the appropriate behaviours to be able to carry out this role safely and effectively. Learners attending COSS Recertification events shall provide evidence of 4 practice requirements undertaken during the previous 12 months when attending their re-certification.
(Acceptable evidence: Sentinel electronic logbook, evidence of undertaking the Sentinel swipe activity as the Swiper, completed RT9909 records and completed SSOWPs.)
Learners unable to provide the correct practice evidence will be turned away.

Audience

Existing COSS holders that require recertification of their COSS competence

Duration: 2 Days Day(s) **Class Size:** 9
