Leadership

Course Name

Mentoring Skills

Course Description

Mentoring is a critical part of a leader's tool kit to ensure team members have the essential skills, knowledge and behaviour to fulfil their responsibilities with confidence and competence and thrive in their roles. Effective mentoring extends beyond developing team members technical and practical knowledge. Leaders must also understand their responsibilities to role model and promote the right behaviours. This course builds on the leadership skills of communication, interpersonal relationship building and team development in a mentoring context.
