

Frontline Leadership Programme

Course Name

Network Rail Leader: Managing and Controlling Risk

Course Description

Particular focus is given to the corporate risk model and its application, with participants working through the identification of controls, and the barriers and rules that are applied to manage a risk. The course also covers how to assess whether there are adequate levels of supervision in place.

Audience

Middle managers wanting to develop their skills in managing and controlling risk.

Duration: 1 Day(s) **Class Size:** 14
