

Railway Operations

Course Name

Animal Care and Safety on the Railway

Course Description

This eLearning aims to help Operations Incident Responders manage animal incursions on the line.

This learning will provide an understanding of how to approach and move animals in a way that minimises distress, and how to move them to a safe position in order to reopen the line.

Audience

This solution is aimed at Mobile Operation Managers (MOM) and other roles who may incur an animal incursion on the line.
