Railway Operations

Course Name

Weather Management - Extreme Weather Response (EWR)

Course Description

If you are responsible for initiating, managing, contributing to or reviewing the Emergency Weather Response then this course is for you.

This course aims to provide learners with the knowledge and understanding of how operational roles within Network Rail or the wider industry respond and manage extreme weather.

The course is split into 5 lessons and a knowledge assessment:

Lesson 1 – The five-stage EWR process in review
Lesson 2 – Stage 1: Awareness
Lesson 3 – Stage 2: Preparation
Lesson 4 – Stages 3 & 4: Respond & Recover
Lesson 5 – Stage 5: Review
Lesson 6 – Test Your Knowledge

This course will not award a competence.

Audience

Operational roles involved with the management of extreme weather – both within Network Rail and external operating companies.

Duration: 0.25 Day(s) **Class Size:**
