Telecoms Engineering

Course Name

FTS Disaster Recovery

Course Description

The FTS Disaster Recovery Course is mainly for experienced Level 3 personnel who maintain the FTS3020 system. It covers theoretical and practical aspects of recovery procedures after loss of service and/or functionality at the FTS3020 system.
The aim of this course is to provide Level 3 Telecoms delegates with a special knowledge and understanding of the Frequentis FTS3020 redundancy and recovery features. Students will be able to recover the FTS3020 system from different disaster failures.

Audience

This course is meant for Telecoms Network Management Centre (NMC) Analysis Staff, Technicians and Engineers who work with FTS3020.

Duration: 1.5 Day(s) **Class Size:** 8
