Further Leadership and Management modules

Course Name

Leadership Essentials: Managing and Controlling Risk

Course Description

This course provides the knowledge and skills to describe the responsibilities of a person in a supervisory position who must ensure that their team has adequate skills to safely carry out their tasks. It covers how the corporate risk model and its outputs are managed within a team leader/manager role. The course also provides knowledge on 'stop the job' behaviours where risk is identified, enabling appropriate action to be taken.

Audience

Anyone identified for career progression where this module forms part of a core development programme.

Duration: 0.5 Day(s) **Class Size:** 14
