Technical & Vocational

Course Name

Project Simulator

Course Description

Allows project managers to test, practise and rehearse their skills gained from the Association of Project Management Practitioner course in a project simulation environment. Learners work in small teams to build a fictional football stadium and see the project through from concept to completion in one day, using simulation to explore key learnings from their previous training.

Audience

For new Project Managers who have recently completed the Association for Project Management Practitioner course (APMP).

Duration: 1 Day(s) **Class Size:** 20
