

Overhead Line Engineering

Course Name

Single Approach to Isolation Pre-Learning

Course Description

This pre-learning introduces topics such as the ESSoW hierarchy and the electrical risk assessment principles. This e-Learning is a prerequisite to the NP upskill or ERAs course giving the learner a head start so the course flows well and fits into the overall time allowed.

Audience

This is the pre-course learning for delegates attending either the Nominated Person SAI or ERAS course

Duration: 0.25 Day(s) **Class Size:**
