Railway Operations

Course Name

System Navigation for Railcom SCADA

Course Description

This online course consists of 4 videos which aim to provide an overview of RailCom's essential features and layout to help users get comfortable using the platform. The learning will walk users through the main sections, highlight key functions, and show users how to navigate efficiently.

By the end of the videos, learners will have a solid understanding of the system's structure, be familiar with its navigation tools, and be ready to use it confidently.

Audience

Electrical Control Operators (ECOs)

Duration: 0.25 Day(s) **Class Size:**
