

# Rail Plant

**Course Name**

Safe use of Konecranes CXT Series hoists [Eastleigh LWRD]

**Course Description**

This course is for staff who are required to use the Konecranes CXT Series Hoists at the Network Rail Long Weld Rail depot, Eastleigh.

The equipment at Eastleigh is bespoke and consists of 12 bridges/girders, each bridge contains 2 CXT Series Hoists (24 in total) which travel along the length of the bridge. The bridges are supported at either end on 250m long structures. The equipment has unique elements not covered by DP 18: Safe use of overhead gantry crane.

**Audience**

For individuals required to use the Konecranes CXT Series Hoists at the Network Rail Long Weld Rail depot, Eastleigh.
