

Track and Civil Engineering

Course Name

Buildings & Civils – Geotechnical - Effects of Vegetation

Course Description

This eLearning forms part of the Geotechnics Training Programme and will explore the effects of vegetation on earthworks. There are two Network Rail Standards that relate to vegetation and will be covered during this module which are NR/L2/CIV/086 Module 13: Management of Vegetation on Earthworks, and NR/L2/OTK/5201: Lineside Vegetation Management Manual. This training will be of use to you should you refer to either of these standards as part of your job role.

Audience

Geotechnical Engineers and those involved in the management of lineside vegetation.

Duration: 1 Hour Day(s) **Class Size:**
