

Signal Engineering

Course Name

G110 Tester / Lead Tester

Course Description

Designed to train persons who are responsible for undertaking Non-Conceptual Works and Emergency Testing (G110 Testing) in their daily work. Following successful completion of training each delegate shall be competent to carry out the duties of G110 Testing. Competence shall be re-assessed as a minimum every TWO years. Testers shall additionally undergo assessment periodically in order to retain competence. External employers may impose their own additional assessment process and shall arrange suitable surveillance of G110 Testing.
