Railway Operations

Course Name

Incident Management - Command, Control and Coordination Familiarisation

Course Description

This one-day course is aimed at those who are actively in a operational or tactical role within the Network Rail command structure, who will respond to an emergency, major incident or crisis. This course would be a key element of learners continuing professional development (CPD) in line with the Network Rail Incident Management Competency Framework. The course is registered with Skills for Justice Awards (an external awarding body), with learners receiving a Certificate of Attendance from SFJ at the conclusion of the course.

Audience

The course is aimed at those who perform certain tactical and operational roles for which there is currently no bespoke training (i.e. for example, those who have completed the TIC and TIL courses will not need to attend).

Duration: 1 Day(s) **Class Size:** 12
