

Elearning

Course Name

Personal Track Safety eLearning

Course Description

Personal Track Safety (PTS) provides the skills and knowledge required for people to stay safe on or near the line. You must complete 6 online training modules before completing and passing the online knowledge assessment. You will not be able to book onto the Personal Track Safety classroom course until you have passed this assessment. This online training course gives you multiple options on how to complete each module to make the learning more accessible to you. You can choose from a bite-sized eLearning module, a PDF document or an audio file. You can even combine these methods so that you are listening to the audio files while reviewing the eLearning module. Please be aware there is also an 'Additional Resources' section with podcasts, posters, videos and more available for you at any time.

Audience

Anyone expected to work on the rail infrastructure.

Duration: 0.5 Day(s) **Class Size:** N/A
