

Station Operations

Course Name

Station Incident Officer

Course Description

Awareness training on the roles and responsibilities associated with operating within the station environment during an incident or emergency, providing an underpinning of the requirement for incident planning and management, as well as providing the knowledge and skills necessary to assist the emergency services in returning the station back to normal, working effectively and safely, utilising appropriate techniques in a range of circumstances in line with current industry standards.

Audience

This course is intended for Station Managers and Station Shift Managers.
